FINAL REMEDIAL ACTION PLAN, NON-TIME-CRITICAL REMOVAL ACTION, INSTALLATION RESTORATION (IR) SITE 10, NAVAL AIR STATION, NORTH ISLAND, CORONADO, CALIFORNIA.

Dear Mr. Collins:

The Department of Toxic Substances Control (DTSC) staff has reviewed the above referenced document dated July 8, 2002 and received on July 17, 2002. The Remedial Action Plan (RAP) presents the planned activities associated with the Non-Time-Critical Removal Action at IR Site 10, Naval Air Station, North Island.

Based on our review, we concur with the scope of work outlined in the RAP. We also concur with the plan to distribute truck traffic for incoming soil between Ocean Boulevard, Fourth Street, Third Street, and First Street. This plan will address citizen concerns expressed in the February 20, 2003 public meeting. These are the routes approved by City of Coronado Resolution No. 6944.

Should you have any questions or issues to discuss, please contact Mr. Daniel Cordero Jr. Remedial Project Manager at (714) 484-5428.

Sincerely,

John Scandura
Branch Chief
Southern California Branch
Office of Military Facilities
